Diesel, Electricity & Electronics
Do you teach Electronics, Electricity,
HVAC, or Automotive Technology?
Still using old methods to teach modern
technology? Learning electricity can still
be easy and fun when you use our soft-
ware for electricity/electronics instruc-
tion. Use the software on all computers
and networks at your campus. You may
allow students to use the software on
home computers if desired. $229 for
unlimited site licenses! Funds short?
Funding is often available though Carl
Perkins, your media center, or library.
Your director can split cost between
several departments using local funds.
This software is excellent for retention
efforts, individualization, and remedia-
tion. Download trial software programs
from our website.

Engineering/Pre-Engineering, 3D
Printing, Manufacturing (FabLab),
STEM, Technology Education
Fablicator 3D printers are rugged
and reliable fused filament additive
manufacturing systems, built in the USA
and come with a two-year warranty.
Each includes a fully integrated
micro-soft Windows 10 64-bit Pro computer
with all of the software pre-installed and
settings established to begin printing
right away. All you need to start making
parts is to plug in a mouse, keyboard,
and monitor and have a 3D model of
what you wish to print.
When you install CAD, it becomes a
complete 3D printing workstation—ca-
pable of designing, slicing, and printing
3D models all on one system without
needing a separate computer. A com-

Make sure you receive techDirections every month.

Renew now! It’s free!

Visit www.techdirections.com/sub
Tech Directions offers a wide array of materials in the field of technology, engineering, and career and technical education. Our On-Demand Classroom Projects are written by teachers for teachers to complement your curriculum—and really get students motivated! Projects are ready to use—simply duplicate and use for as many students as desired. The high-quality activities save you time and help your students really understand the principles of technology and science. We also offer over 70 posters for your classroom. And don’t miss the new 10th Edition of Machinists Ready Reference and our line of history of technology books.

Techno CNC Systems, LLC.

Ronkonkoma, NY 11779
631-648-7481
www.techcnc.com

CNC/CAM, Career/Technical/Vo-Ed, Manufacturing, STEM, Woodworking, Metalworking, Plastics

Techno offers high-speed, affordable industrial-quality CNC routers, plasmas, and laser machines in a wide range of sizes from 12" x 12' to 5' x 10'.

Students learn on full-scale production systems guaranteeing they are well prepared for real-world applications. Ease of use and compatibility with available CAD/CAM software enables educational institutes the flexibility to integrate their CNCs throughout a variety of STEM electives and curriculums, such as manufacturing, architectural design, prototyping, and pre-engineering.

Every machine is installed and supported by local Techno representatives to ensure a successful startup, and we provide superior technical support FREE for the life of our equipment.
